

Pricing for Self-Pay Patients and Cosmetic Patients

At Northwest Eyelid and Orbital Specialists, P.S. we believe exceptional care should be available to everyone, regardless of insurance. For those patients that want to pay directly for their care, we aim to provide pricing transparency: the price you see is your final price; no more surprise bills after you receive care. Below you will find pricing on our most common services. These prices are based on care received at Northwest Eyelid and Orbital Specialists, P.S. and NEOS Surgery Center, and does not apply to care received at a hospital nor anesthesia services. If you need pricing on a service not listed here, please call our Billing Department at 509-279-2176 option 2.

Office Visits

These visits include a history and physical exam, photos and visual field testing if applicable. This is a SINGLE VISIT PACKAGE, and does not include lesion removal, probe and irrigation, injections or surgery. These services can be purchased separately, if needed.

| | |
|---|-------|
| New Patient Visit (Self Pay or Cosmetic) | \$300 |
| Established Patient/Follow Up Visit (Self Pay or Cosmetic) | \$125 |

In office procedures & injections:

If you do not see the procedure or injection listed here you may call our billing department for pricing at 509-279-2176 option 2

| | |
